Dear Peter,

Many, many thanks for your generous donation of 100 face shields to support Cobleskill Regional Hospital.

We are so grateful to you for recognizing the unprecedented demands COVID-19 has placed on our health-care providers these past several months. Your support is deeply appreciated and helps our doctors, nurses, and front-line staff know that the community is thinking of them as they provide care to our patients during the pandemic.

Bassett Healthcare Network was able to quickly and effectively address the pandemic in our region. Where many rural hospitals faced insurmountable challenges, Bassett was able to expand intensive-care capacity, build out a testing program, and keep our patients and our staff safe.

We accomplished all this because we have a community that cares and that invests in health care. Thank you for supporting our work, our staff, and our patients!

Sincerely,

Joanne Tobey
Director, Donor Engagement
